

## **David's Victory**

July 17, 2022 – 1 Samuel 17

Michael Pasquale

## Discussion Questions:

1. According to v.11, how do the Israelites view the situation? Why? According to v. 26, how does David view this situation? Why?
2. If David is a man after God's own heart, then what do David's actions reveal about his heart and his love for God?
3. In what ways does this story highlight the character of David versus the character of Saul?
4. What are some common situations we face that paralyze us the way this situation paralyzed God's people? What might it look like to rethink our situation and view it the way David viewed the situation?
